

## THANK YOU ONE AND ALL!!

A big thank you is due to all who have contributed to all of the different activities that happen in and around the hall, bringing pleasure and lifting the spirits of lots of people.

It would be impossible to thank everyone individually since this help comes in so many different ways from so many people and in so many cases is invisible to the naked eye!

There are people who deliver newsletters, set the hall up for events, tidy and clean the hall after events, lend and donate equipment for in and around the hall, put up posters, organise events, share their own enthusiasm for activities, erect tents, do accounts, make others feel welcome, do maintenance, go to meetings, paint, retype books, make local history films, donate money, donate food, make tea, wash dishes, fill in grant forms, and a multitude of other invisible jobs – and it is all done with a sense of good fun and camaraderie.

We couldn't do what we do without each and every one of you!
